Pool shelters

A PROJECT ?

A team of professionals to partner you

In all seasons, covers and shutters are essential all year round!

Thanks to the greenhouse effect, the pool shelter lets you prolong your bathing season by several months: gain up to 10°C compared with a open-air pool, depending on the period!

Filtration system

Inspired by the outboard engines of boats, Desjoyaux's exclusive pool filtering system is designed filters without pipework, thereby avoiding long and costly works on buried pipes, while reducing the risk of leaks.

Reasonable water and electricity consumption.

Keep renovation in mind!

You are a loyal customer and you want to renovate your Desjoyaux pool?
